

FOR YOUR FAMILY'S HEALTH, SAFETY AND PRIVACY,
SAY

TO THE INSTALLATION OF SMART METERS / DIGITAL METERS

Why? Watch this 5 minute educational short video.

<https://vimeo.com/92900029>

In Australia, these meters are installed automatically on property sale, new homes, solar installations, or on customer request. You are not informed about the potential risks.

Research these devices and you will be shocked!

Documented effects to populations where these meters have been installed:

- ✗ Major health issues for large numbers of people, causing personal financial losses.
- ✗ House and business fires. <https://www.youtube.com/watch?v=7MfiNYzdi24>
- ✗ After installation, electricity bills increased significantly.
- ✗ Insecure - hackers gained access to free electricity, and customer data!
- ✗ Surveillance for profit. <https://www.youtube.com/watch?v=2zIDW7H6XqA>

Free information to help protect your family's health, safety, security, and privacy:

- ✓ The best way to slash electricity bills is to religiously turn off lights and other devices at the wall, when not in use.
- ✓ Free smart meter protection kit. <http://sccc.org.au/wifi/Smart-Meter-Installation-Protection-Kit-Updated.pdf>
- ✓ Free Wireless Safety Kit, page 2 includes practical ways to improve your safety. <http://sccc.org.au/wifi/microwave-safety-chart.pdf>

*For everyone's health, safety, and privacy, please pass this
handout on to friends, relatives and neighbours, because we
also need them to say NO! Do letter box drops, hand it out,
email it, plus post it on web sites and social media. Flyer
download link. <http://sccc.org.au/wifi/Smart-Meter-Flyer.pdf>*
