**Sunshine Coast Computer Club Inc Community Presentation Sat 13 Oct 18**

Find out how to secure and safely use all your devices, mobile phone, tablet and computer!

Extensive colour printed notes will be provided. Everyone in the community is welcome to attend.

We know of a number of people in the local community who have suffered greatly because they did not understand how to set up basic device security. As a result their health was severely affected, because of the stress created by the significant financial losses they incurred.

It is well worth attending this community presentation. Saturday the 13th of October, 9 am to 11am, at the Caloundra Community Hall 87 Queen St Caloundra, opposite the Caloundra High School. Location Map: <http://sccc.org.au/caloundra-technology-education-centre>

There is a \$4 entrance fee to help cover hall hire, plus the tea and coffee that will be provided for morning tea.

Register to secure your spot, (Please use subject Register and provide your name) email - [communitypresentation@sccc.org.au](mailto:communitypresentation@sccc.org.au)

You will be notified that your registration has been received.

Please forward this community presentation information to any local friends, relatives and organizations you think maybe interested.

We also encourage members to print the flyer from - <http://sccc.org.au/wp-content/uploads/2018/09/device-security-presentation-13102018-2.pdf> and distribute it outside the club.

(For members who cannot print a flyer a limited number of flyers are available for members at Club Meetings)

For catering purposes we also need to know how many members will be attending the Caloundra Meeting on Sat 13 Oct 18. Members attending are also requested to register, either by signing the registration sheets that will be provided at club meetings, or via email. Email: [communitypresentation@sccc.org.au](mailto:communitypresentation@sccc.org.au) members use the

subject Member and provide your name.

The Oct 18 SCCC Monthly Meeting will be held on Sat 6 Oct 18 at 10.45 am in the Tutorial area at the Caloundra meeting

### **Annoying Telephone Calls to Private Numbers**

From Jean Lear

I think we have all been pestered and annoyed by telephone calls where the caller hangs up before or after you answer the call. If the number of the caller is entered into Google Search you will probably get information from there that the calls are scams. If they do answer they may claim they are Telstra Technical Service or a Bank – most likely one you do not bank with. If you have the ability to see the number of the incoming call before you answer the call you can then just ignore it if you remember there have been calls before from that number.

Nostalgia is back. The Sony PlayStation Classic will launch on 3 Dec 18, in Japan, North America, Europe, Australia and New Zealand. The price – \$149.99.

Sony PlayStation Classic is a miniature games console that mirrors the look of the original PlayStation. It comes loaded with 20 original games.

The original PlayStation made its debut in Japan on 3 Dec 94. It had real-time 3DCG rendering and CD-ROMs. It had a significant impact on the direction of console

gaming.

The PlayStation Classic resembles PlayStation, including

- Button layout
- Controllers
- Chassis
- Miniature size – it is 45% smaller on the sides and 80% smaller in volume
- Pre-loaded with 20 PlayStation games such as Final Fantasy VII (SQUARE ENIX Co., LTD.), Jumping Flash! (SIE), R4 RIDGE RACER TYPE 4, Tekken 3 (BANDAI NAMCO Entertainment Inc.), and Wild Arms (SIE).

PlayStation Classic is a perfect fit for nostalgic PlayStation fans that enjoyed playing the original PlayStation as well as gamers new to PlayStation who want to experience classic PlayStation games from the 1990s.

#### **Fake Apps Pretending to be Trusted Brands - Priority Level - Moderate 25 Sep 18**

From Stay Smart Online 25 Sep 18

(<https://www.staysmartonline.gov.au/alert-service/fake-apps-pretending-be-trusted-brands>)

What has happened?

Take a few minutes to check out a new app before you download it.

There have been recent media reports of fake apps appearing in the Google Play store earlier this year.

The reported fake apps impersonated trusted bank brands. However, scammers will frequently set up fake apps across a range of well-known goods and services to collect large amounts of bank account, credit card or log-in details.

Does it affect me?

If you use or purchase mobile apps from app stores, you should be on the lookout for apps that impersonate trusted brands.

While Apple's App Store or Google Play for Android are recommended official stores to install apps, fake, impersonating or malicious apps can still make their way onto any app store.

How do I stay safe?

Before downloading a new app, take a few minutes to do your online research:

- What do reviews from others say about the name of the app or its developer?
- If you are not sure if an app is legitimate, first check the official website and contact details of the business the app claims to be from.
- If it looks like a fake app, let the legitimate business know.

You should also -

- Use your device's automatic update feature to install new applications and operating system updates as soon as they are available.
- Read the fine print about how an app will protect your personal data—some apps collect information such as your location, contacts, and other sensitive details like credentials. At the end of the day, if you are not comfortable with how your data is protected, do not use the app!
